## \* Awesome Mathematical Miracle Confirms the Number of A.L.M.'s in Suras 2 and 3 by Dr. Ali R. Fazely

God's mathematical miracle of the Quran is destined to overwhelm the whole world and prove beyond a shadow of a doubt that the Quran is the unaltered word of the Almighty, God. Here, based on advanced mathematics of primes and their indicies which is yet simple to understand, we see that the counts reported by Dr. Rashad Khalifa were in fact the true number of A.L.M.'s in Suras 2 and 3 - and divinely inspired by God to His Messenger of the Covenant.

We know that the number of letters in the first verse in the Quran is the prime number 19. We also know that the index of prime number 19 is 8, or in other words the 8th prime number is 19. If I multiply 8 by 19, I get 152. Recall that the four words in the opening verse "NAME", "GOD", "MOST GRACIOUS", and "MOST MERCIFUL" are repeated throughout the Quran- and are exact multiples of 19. More precisely, these four words are repeated 19, 2698, 57, and 114 times, respectively. These are shown below:

$$\begin{aligned} 19 &= 19 \times 1 \\ 2698 &= 19 \times 142 \\ 57 &= 19 \times 3 \\ 114 &= 19 \times 6 \end{aligned}$$

$$152 = 8 \times 19$$

This was first reported by Dr. Khalifa in his book, "The Visual Presentation of the Miracle". Note here, that the importance of 152 is that it is not just any multiple of 19, but it is a product of 19 and its index 8.

Now let us look at the number 152. There are 3 digits that make up this num-

ber, namely 1, 2, and 5. Out of these three digits we can make 6 different 3-digit numbers. These are: 152, 125, 215, 251, 512, and 521. These numbers are called the "permutations" of 1, 2, and 5. Note here that only two of these permutations are primes. I tabulated these two prime numbers together with their indicies.

| Prime | Index         |
|-------|---------------|
| 251   | 54            |
| 521   | 98            |
|       | 152 = 8 x 19! |

Now get ready for this!

$$19 \times 521 = 9899$$

This is the number of A.L.M.'s in Sura 2. Glory be to God. Now if I concatenate 2 and 98, I get 298, and again get ready for this!

$$19 \times 298 = 5662$$

This is the number of A.L.M.'s in Sura 3! The relation between Sura 2 and Sura 3 is that prime number 2 is the index of prime number 3.

Now let us examine 521 and 251 and their indicies more closely. In Sura 54 called, "The Moon", God talks about the signs we should watch for when the end of the world is near. In the first verse the splitting of the moon is mentioned. Verse 54:2 speaks of the Mathematical Miracle of the Quran, "Then they saw a miracle; but they turned away and said, 'Old magic.'" In Sura 98 entitled, "The Proof", God again refers to the Mathematical

Miracle of the Quran. Now if I add 521 and 98, I get:

$$521 + 98 = 619$$

Which is a prime number and it is the \*\*114th\*\* PRIME NUMBER. Glory be to God! It is noteworthy that the gematric values of Rashad, 505 and 114 yield:

$$505 + 114 = 619! = 114\text{th prime!}$$

In Sura 3 we have 298 and 5662 to study. Note here that:

$$\begin{aligned} 2 + 9 + 8 &= 19 \\ \text{and,} \\ 5 + 6 + 6 + 2 &= 19 \end{aligned}$$

If I add the coefficients of the number 19 in both Suras I get:

$$521 + 298 = 819$$

This is again a combination of 8 and 19, or 19 and its index 8. Indeed the Mathematical Miracle of the Quran is ONE OF THE GREAT MIRACLES (74:35).

Therefore, we can see that advanced mathematics is involved here and is beyond the capabilities of humans and jinns together armed with all the assistance they could give each other. Therefore, these coefficients, by God's design, must be 521 and 298 not just any meaningless number multiplied by 19!

All praises are due to God, Creator of all things.

## WARNINGS FOR THOSE WHO WISH TO TAKE HEED

"They challenge you to prophesy: 'Is this really what will happen?' Say, 'Yes indeed, by my Lord, this is the truth, and you can never escape'" (10:53).

Sura 54: 1) "The Hour has come closer, and the moon has split. 2) Then they saw a miracle; but they turned away and said, 'Old magic.' 3) They disbelieved, followed their opinions, and adhered to their old traditions. 4) Sufficient warnings have been delivered to alert them. 5) Great wisdom; but all the warnings have been in vain. 6) Ignore them; the day will come when the caller will announce a terrible disaster. 7) With their eyes humiliated, they come out of the graves like scattered locusts. 8) As they respond to the caller, the disbelievers will say, 'This is a difficult day.' 9) The people of Noah disbelieved our servant and said, 'Crazy!' He was persecuted. 10) He implored his Lord, 'I am oppressed; grant me victory.' 11) We then opened the gates of the sky, pouring water. 12) And we caused springs to gush out of the earth. The waters met to effect a predetermined decision. 13) We carried him on a watercraft made of logs and ropes. 14) It ran under our watchful eyes; a reward for one who was rejected. 15) We have set it up as a lesson. Does any of you wish to learn? 16) How terrible was My retribution after the warnings! 17) We made the Quran easy to learn. Does any of you wish to learn? 18) 'Aad disbelieved. Consequently how terrible was My retribution after the warnings. 19) We sent upon them violent winds, on a day of continuous misery. 20) It tossed the people around as if they were decayed palm tree trunks. 21) How terrible was My retribution after the warnings! 22) We made the Quran easy to learn. Does any of you wish to learn? 23) Thamoud rejected the warnings. 24) They said, 'Shall we follow one of us; a human being? We will then go astray, then end up in Hell. 25) Did the message come down to him, instead of us? He is a flagrant liar.' 26) They will find out tomorrow who the flagrant liar is. 27) We are sending the camel as a test for them. Watch them and be patient. 28) Inform them that the water shall be divided among them; (the camel) shall be allowed to drink on her designated day. 29) But they persuaded their friend to kill (the camel), and he obliged. 30) Consequently, how terrible was My retribution! They have been warned. 31) We sent upon them one blow, whereupon they became like harvested hay. 32) We made the Quran easy to learn. Does any of you wish to learn? 33) The people of Lot rejected the warnings. 34) We showered them with rocks. Only Lot's family was saved at dawn. 35) We blessed him and his family; we thus reward the appreciative. 36) He warned them about our requital, but they ridiculed the warnings. 37) They negotiated with him about his guests; we blinded them. Suffer My retribution you have been warned. 38) Early the next morning, a devastating retribution struck them. 39) Suffer My retribution; you have been warned. 40) We made the Quran easy to learn. Does any of you wish to learn? 41) Pharaoh's people were warned. 42) They rejected all our signs. Consequently, we requited them as an Almighty, Omnipotent should. 43) Are your disbelievers better than those disbelievers? Have you been absolved by the scripture? 44) Perhaps they think, 'We will be the winners.' 45) All of them will be defeated; they will turn around and flee. 46) The Hour is awaiting them and the Hour is far worse and more painful. 47) Certainly, the guilty are astray, and will end up in Hell. 48) They will be dragged into the hellfire, forcibly. Suffer the agony of retribution. 49) Everything we created is precisely measured. 50) Our commands are done within the blink of an eye. 51) We annihilated your counterpart. Does any of you wish to learn? 52) Everything they did is recorded in the scriptures. 53) Everything, small or large is written down. 54) Surely, the righteous have deserved gardens and rivers. 55) In a position of honor, at an Omnipotent King."

Shortly before Dr. Rashad Khalifa (The Messenger of the Covenant) was granted his martyrdom on January 31, 1990, he proclaimed that the Quranic prophesy found in Sura 44, entitled, "Smoke" would soon come to pass. Here is what he wrote, reprinted from the March 1990 issue of SP on the following page: (CONTINUED NEXT PAGE)

\* **Mark My Words:**

# HERE IS WHAT WILL HAPPEN TO THE DISBELIEVERS

As prophesied in 44:9-15:

- A massive asteroid will hit somewhere in the Middle East.
- The resulting heat will burn living organisms within a 100 mile radius.
- Total devastation will envelope the Arab world, main opponents of God, His miracle, and His Messenger of the Covenant (9:97, 3:81, 33:7).
- The Quranic prophecy in 44:10-15 will come to pass: A giant dust cloud will envelope the whole world and obscure the sun for a few months.
- In fulfillment of 17:92, the Arabs will mock and ridicule this prophecy.
- When will this happen? I do not know when; but I have a strong feeling that this will take place before the end of 1990. Only God knows the exact time.

## HERE IS WHAT ALMIGHTY GOD SAYS:

Indeed, they are full of doubt, heedless. Therefore, look for the day when the sky brings a tremendous smoke. It will envelope the people: "This is a painful retribution. Our Lord, remove this retribution for us, we now have believed." How come they now take heed, when a messenger had come to them, but they disregarded him and said, "Well educated, but crazy." We will remove the retribution a little bit. But then, you will soon revert. [44:9-15]

Thus, our Almighty Creator is informing us about the consequences of disbelieving in His consolidating messenger, God's Messenger of the Covenant.

We are told clearly, by God Himself,

Let the reader observe that Dr. Khalifa stated, "When will this happen? I do not know when, but I have a strong feeling that this will take place before the end of 1990. Only God knows the exact time." It is noteworthy that the above issue was written before God took him on January 31 and was printed 3 months in advance (March issue printed in January). Obviously it was very important to announce this warning so that everyone could take heed. He knew that the prophesy would come after a profound warner. "Whoever

that the day will come when a tremendous smoke will envelope all the people on earth. Scientists - astronomers - know that such a disaster can happen when an asteroid hits the earth. During 1989, the earth experienced a near-miss with a huge asteroid. That was God's warning to the disbelievers.

Also, we learn from several verses in the Quran that a divinely authorized retribution of this magnitude comes to pass ONLY and soon after the sending of God's messenger (17:15).

The proofs are abundant that the messenger referred to in 44:13 is God's Messenger of the Covenant:

1. By adding the sura number (44) plus the verse number (13), we get 57, 19x3.

is guided is guided for his own good, and whoever goes astray does so to his own detriment. No sinner will bear the sins of anyone else. We never punish without first sending a messenger" (17:15). "Now they remember! A manifest messenger had come to them" (44:13). This profound warner Dr. Khalifa knew was himself- God's Messenger of the Covenant.

In 1986 some religious leaders in Kuwait published an anti #19 pamphlet and distributed it to the world by the thousands. God is the best Avenger.

The Quran's 19-based mathematical miracle was revealed through God's Messenger of the Covenant.

2. The sum of sura numbers plus the number of verses from the beginning of the Quran to 44:13, is 5415, or 19x19x15.

3. In the same verse (44:13) the word "Zikrā" used is exactly the same word used to describe the Quran's 19-based miracle (74:31). This powerful correlation links the Smoke with God's miracle and God's Messenger of the Covenant.

4. The description of the messenger by his adversaries as "Well educated, but crazy" (44:14) has already been uttered by today's disbelievers in reference to Rashad Khalifa.

Several months ago during the Iraq-Kuwait-American affair, several hundred, approximately 500, oil wells were blown up and have been spitting a tremendous amount of smoke into the atmosphere. It has been estimated by military, environmental and other experts in the field, that there is a good chance that between 200 and 300 of these oil wells will continue to burn for several years. The result is a poisonous type oil rain, an obvious catastrophe to the immediate (CONTINUED NEXT PAGE)

## Warnings Continued....

(CONTINUED FROM PAGE 2) areas. God knows what other weather and environmental problems will affect everyone, especially the people in that area.

Recently we have all noticed the spectacular sunsets of bright orange which have been a result of the volcanic eruptions in Japan. Tons of volcanic ash has been thrown into the atmosphere and has circulated the earth's atmosphere. This was stated by Carl Sagan in a talk show last week. He also said that the eruptions were to continue and that we could expect more bright sunsets and a possible drop in the temperatures. The sunsets are obviously very beautiful now, but the continuing eruptions will increase the dust

and ash particles in the air which may drop the temperature 10 to 15 degrees.

Are the oil well fires and volcanic eruptions the Smoke? Most probably not, but they are definite signs from God for everyone who reverences Him to take heed. A messenger of God predicted an asteroid and this is what will happen. Remember that during 1989, the earth experienced a near miss with a gigantic asteroid. God always sends warning signals before the actual retribution. This is made clearer in Sura 54: The Moon.

One might say, "I don't believe all these punishments could happen because one man was rejected and killed. The Quran states that it is not the prophets and mes-

sengers they reject- it is God they reject. So in turn what someone is doing when they reject a messenger of God, is rejecting not the human being, but God, the messenger, and the Quran given by the Most Merciful. This is why there is retribution. One thing we cannot say is that we were not given enough chances. There have always been scriptures, and messengers, with warnings about the Day of Judgement and reminders to reverence God. The Almighty never punishes anyone, or any community, while its people are righteous. Only when people disregard, fall into idol worship, fail to take heed, challenge and fail to repent, will God send such a terrible retribution as the Smoke.

## Do You Believe In Magic?

by Jason Kolton

Legends, myths, stories - passed from father to child over generations. Things that make up the fiber of time before recorded history. Without these to give us perspective, we would know little about the civilizations that went before us, before the time of written, recorded history. Look to ancient England with dreams of Arthur and the Knights of the Round Table. Remember Merlin, mighty with his mystic arts and magic; the druids and their might, possibly at Stonehenge. Look to the shaman's and medicine men of the ancient Americas, the Africans, and such. People with supposed magic, beyond human ken or abilities. Did magic exist and does it still exist?

The answer is quite simply, yes. The question now becomes, "How do we define magic?" God points to magic in the Quran, 2:102, subtitled "Witchcraft Condemned," "They pursued what the devils told them concerning the powers of Solomon. Solomon, however, was not a disbeliever, while the devils are disbelievers. Thus, they taught the people witchcraft that was sent down through the two angels of Babel, Haroot and Maroot. These two did not divulge such knowledge without pointing out that: 'This is a test. You shall not abuse such knowledge.' But the people used it in such evil schemes as the breaking up of marriages. They can never harm anyone against the will of God. They learn only what hurts them, not what benefits them. And they knew full well that whoever practices such evil will have no share in the Hereafter. Miserable indeed is what they sold their souls for, if they only knew." Perhaps the "Merlin's" of times past were those who practiced abuse of this type of knowledge and magic. But look to the shamans, medicine men, and druids whose purpose was to be in harmony with the world. They reached out to something beyond, something they couldn't quite understand, but couldn't resist either. These people reached to nature for their "magic."

Who created nature? The same entity who created us and controls all things, God. Reflect on the human race - the past messengers: Jesus Christ, Moses, Noah, Abraham, Ismail, the list goes on and on. Contemplate to today, including every human being to ever walk the planet. All these people may respond to "magic" differently. But each person feels the pull of it, and if guided, will find the truth in their search to discover it.

Since man has seen fit to build out of, and over, nature in order to make room for himself, he hasn't stopped to realize that he was masking, or creating illusions out of something which helped him realize his own magic. This magic, this elation, is best summed up in Sura 30:30, "Therefore, you shall devote yourselves to the religion of strict monotheism. Such is the natural instinct placed into the people by God. Such creation of God will never change. This is the perfect religion, but most people do not know." What joy is felt when realizing that this is a "natural magic." The key. The answer. We all have it, the instinct to return to God Alone. No one can deny it. Look at the stars at night, the baby crying in the corner, your friends sitting next to you, even now, as you read. This magic, the instinct of God Alone, will be staring back at you full in the face.

Different things have different meanings to different people. For example, it may be nature, music, or even words written on a page which lead people to discover the true "magic". Whatever it is for each person, it is there, designed by God, for each individual, and cannot be denied without consequences. No one will be able to deny it on the Day of Judgement.

Magic does exist. You just have to look in the right place to find it. It's in all our hearts, it's called instinct, and we all have it. It is described simply and completely in Quran. The key here, as always, is God Alone. Remember and remind, and we'll all be all right.
