## MUHAMMAD REPRESENTED BY QURAN ALONE

"We sent down to you THIS BOOK truthfully, confirming all previous scriptures, and superseding them. You shall judge among them according to what is sent down from God (this book), and do not follow their wishes if they deviate from the truth. ... You shall judge among them according to what is sent down from God (this book); do not follow their wishes, and BEWARE lest they divert you from that which is sent down to you from God (this book). ... Would they seek the laws of ignorance? WHO IS BETTER THAN GOD as a law-maker, for those who sincerely believe?" (5: 48-50)
