Has God abandoned our generation?

A look at the world around us where corruption, crime, misery and chaos are the order of the day, it would seem that we are a people living without a God or guidance of any kind. For this generation it seems unfair that God has not chosen to speak to us like He used to in the past, through messengers and prophets. It seems like we do not have a scripture like our ancestors, nor are we witness to great miracles like the parting of the sea or the healing of the leprous. Has God abandoned our generation? Today, there are numerous evangelists who appear to be preaching the word of God, but something is definitely wrong. All of them are contradicting each other, unlike the past where every messenger/prophet preached the same message. If God is the same God who created the heaven and the earth and you and me then how can He give different instructions to different groups of people? It does not seem logical for God to give different communities different sets of rules because that would be a paradox and lead to confusion. Just like it is today—every community is content following what it thinks is best in accordance with the opinion of its religious leaders. Each community feels that their religion is perfect and that all the others are wrong. As a result, extremists from every community are taking advantage of a bad situation; manipulating the confused masses.

This definitely cannot be what is planned for us. We know God sent scriptures in the past, then why would He abandon us now? So God must be communicating with our generation too, a generation that is scientifically advanced and does not shy away from challenges of any kind. How would God communicate with a people so advanced if not through a language equally advanced? Through a language that could be neither manipulated nor corrupted; a language whose brilliance would make it easy to see through distortions. Like mathematics – where it is possible for anyone to recognize distortions and biases.

If God is to communicate through such an advanced language, then He would do so in our time. There must be a scripture that God has planned for our generation. A scripture that has survived the test of time and has remained intact. We know that during the Nicean conference the Bible was downsized, making several important books and the Gospel of Jesus unavailable to the common man.

[Quran 5:15] O people of the scripture, our messenger has come to you to proclaim for you many things you have concealed in the scripture, and to pardon many other transgressions you have committed. A beacon has come to you from GOD, and a profound scripture.

This means that the Quran, the only known scripture after the Gospel of Jesus, revealed through Prophet Muhammad, is the oldest scripture that has remained intact. In 1968, Rashad Khalifa, Ph.D., a scientist, entered the Quran into the computer. Through his research he realized that the Quran was mathematically coded in such a manner that it was possible for anyone to recognize distortions and biases.

Given this, we now know that God’s biggest miracle was destined to be revealed to this generation,

[Quran 27:82] At the right time, we will produce for them a creature, made of

(Continued on page 2)
earthly materials, declaring that the people are not certain about our revelations. (Creature made of earthly material = computer.) It is now clear that God is definitely communicating with our generation and we are witness to one of His biggest miracles; the miracle of the Quran’s mathematical code that is everlasting. [Quran 74:35-37] This is one of the great miracles. A warning to the human race. For those among you who wish to advance, or regress. Each and every element of the Quran is mathematically coded by a multiple of 19. Why 19?

About 19. [Quran 74:30] Over it is nineteen The number nineteen possesses unique mathematical properties. 1. The number 19 is a prime number; it is only divisible by itself and one. 2. Nineteen embraces the first numeral (1) and the last numeral (9), as if to proclaim God’s attribute as the “First and the Last.” [Quran 57:3] He is the Alpha and the Omega. He is the Outermost and the Innermost. He is fully aware of all things. 3. Nineteen looks the same in Semitic and European languages. Both components, 1 and 9, are the only numerals that look the same in these languages. 4. Nineteen possesses many peculiar mathematical properties. For example, 19 is the sum of the first powers of 9 and 10 (9+10=19) and the difference between the second powers of 9 and 10 (100-81=19). 5. Nineteen is the gematrical value of the word “ONE” in all the scriptural languages — Aramaic, Hebrew and Arabic. It is God’s signature over the entire universe. The overriding message of all God’s scriptures is ‘God is One’.

Hear, O Israel! The Lord our God is One God! Therefore you shall adore the Lord your God with all your heart, with all your soul, with all your mind, and with all your strength. [Bible: Deuteronomy 6:4-5, Mark 12:29-30, Quran: 3:18]

Let us meditate on God, His glorious attributes, who is the basis of everything in this universe as its Creator, who is fit to be worshiped as Omni-present, Omnipotent, Omniscient and self-existent conscious being, who removes all ignorance and impurities from the mind and purifies and sharpens our intellect. [Gayatri Mantra: Yaj-ur Veda]

Three different scriptures and all in compliance with the same message… God is definitely talking to us through His unified and purified statute book, the ‘Quran’; being the last book revealed through God’s prophet. It is heartening that God has not aban-doned us and that He continues to talk to us, instruct us and guide us in order to help us through our turbulent lives to bring peace and sanity to those who seek His ways. All that is required from us is to seek God and the rest will follow.

The Consistency of the Quran

Whenever you start to write a piece of fiction or fact, they tell you, don’t write about everything, or you’ll end up writing nothing. Don’t try to include everything in one sentence, the truth of the world, your personal feelings, a metaphor, or you’ll just end up losing your audience.

Pick one point, and make it, God willing. Support your point with proof.

Well, the Quran does include EVERY-THING, yet it has a point: (worship) God Alone (19x19). “When we add the numbers of suras and verses which refer to “GOD ALONE,” we get 361, 19x19.” (See Appendix 18 to Quran the Final Testament, Authorized English Version, translated from the Original by Rashad Khalifa, Ph.D.)

[39:45] When GOD ALONE is men- tioned, the hearts of those who do not believe in the Hereafter shrink with aversion. But when others are men- tioned beside Him, they become satisfied.

[6:38] ..We did not leave anything out of this book.

[54:53] Everything, small or large, is written down.

[78:29] We counted everything in a rec- ord.

[7:145] We wrote for him on the tablets all kinds of enlightenments and details of everything…

Given the range of topics in the Quran—everything—how can it be so consistent? Consistently consistent. Every Sura moulding beautifully to its adjacent sister sura, its far cousin sura, it’s down the street neighbour sura, and multigenerational ancestor suras from way back.

An Observation

We know about the miracle of the Quran, and that it is a mathematical one. God tells us in Sura 27 (Ant) that a creature will speak to people about His revelations. It is frequently through the Internet and networking that people are being informed about God’s revelation (the message and the miracle).

Websites, like building a spider web, interconnect the world together—net-working. Significantly, God mentions about Quran being a miracle in Sura 29 (Spider) (29:48-52).

Furthermore, one of the other terms for Web crawlers is ants. Who could have thought of this 1400 years ago? Isn’t this alone a sign for people?

(from Wikipedia) A Web crawler is an Internet bot that systematically browses the World Wide Web, typically for the purpose of Web indexing. A Web crawler may also be called a Web spider or an ant.

This shows us that the consistency of the Quran is its own miracle. It proves that the author of the Quran can only be God, and God alone.

Let’s take a look at a few aspects of the Quran’s writing style, like content, writing genres, tone, audience and time-frame, God willing.

A few of the Quran’s topics are:

Science: [27:88] When you look at the mountains, you think that they are standing still. But they are moving, like the clouds.

Art: [39:21] ...produces with it plants of various colors, then they grow until they turn yellow... [43:71] ...and they will find everything the hearts desire and the eyes wish for.

Law: [2:178] O you who believe, equivalence is the law decreed for you when dealing with murder...

History: [7:101] We narrate to you the history of those communities.

The Quran’s writing style is wide and varied as well. It contains lengthy policy/law styles of writing, as in sura 2; “story/play”, sura 12 Joseph; easy to remember “rhymes”, sura 111-114; short stories, sura 19; etc. There’s even a writing challenge, [11:13] ...produce ten suras like these, fabricated, and invite whomever you can, other than GOD, if you are truthful.”

The tone of the Quran also changes from empowering, [7:174] We thus explain the revelations, to enable the people to redeem themselves, to hopeful, [22:15] ...let him turn completely to (his Creator in) heaven, and sever (his dependence on anyone else). He will then see that this plan eliminates anything that bothers him.

Democratic, [43:38] Their affairs are decided after due consultation among themselves, to serious, [38:65] Say, “I warn you; there is no other god beside GOD, the One, the Supreme. Even dramatic, [28:31]... When he saw it moving like a demon, he turned around and fled. “O Moses, come back...”

The Quran also contains every kind of example, but they don’t stick out like sore thumbs, they are woven beautifully into the mix by God’s will. [39:27] We have cited for the people every kind of example in this Quran. And note that the examples are not just linguistically woven, but mathematically as well, making the Quran’s consistency even more miraculous.

The audience enjoying the Quran is so vast. They are people from different cultures, ages, tongues, professions, and even times. [68:52] It is in fact a message to the world.

The line-time which the Quran covers is amazing, it’s ALL time, and beyond: [2:30] Recall that your Lord said to the angels, “I am placing a representative (a temporary god) on Earth.”

[21:104] On that day, we will fold the heaven, like the folding of a book. Just as we initiated the first creation, we will repeat it. This is our promise; we will certainly carry it out.

The Quran on the Quran

[16:98] When you read the Quran, you shall seek refuge in GOD from Satan the rejected.

[27:6] Surely, you are receiving the Quran from a Most Wise, Omniscient.

[7:204] When the Quran is recited, you shall listen to it and take heed, that you may attain mercy.

[10:37] This Quran could not possibly be authored by other than GOD. It confirms all previous messages, and provides a fully detailed scripture. It is infallible; for it comes from the Lord of the universe.

[76:23] We have revealed to you this Quran; a special revelation from us.

[12:2-3] We have revealed it an Arabic Quran, that you may understand. We narrate to you the most accurate history through the revelation of this Quran. Before this, you were totally unaware.

[20:2-4] We did not reveal the Quran to you, to cause you any hardship. Only to remind the reverent. A revelation from the Creator of the earth and the high heavens.

[4:82] Why do they not study the Quran carefully? If it were from other than GOD, they would have found in it numerous contradictions.

[17:9] This Quran guides to the best path, and brings good news to the believers who lead a righteous life, that they have deserved a great recompense.

[10:15] When our revelations are recited to them, those who do not expect to meet us say, “Bring a Quran other than this, or change it!” Say, “I cannot possibly change it on my own. I simply follow what is revealed to me. I fear, if I disobey my Lord, the retribution of an awesome day.”

[17:88-89] Say, “if all the humans and all the jinns banded together in order to produce a Quran like this, they can never produce anything like it, no matter how much assistance they lent one another.” We have cited for the people in this Quran all kinds of examples, but most people insist upon disbelieving.

[41:44] If we made it a non-Arabic Quran they would have said, “Why did it come down in that language?” Whether it is Arabic or non-Arabic, say, “For those who believe, it is a guide and healing. As for those who disbelieve, they will be deaf and blind to it, as if they are being addressed from faraway.”

[54:17] We made the Quran easy to learn. Does any of you wish to learn?

[85:21] Indeed, it is a glorious Quran.

Be included in our email list for weekly reminders

God has blessed us with the opportunity to send weekly reminders to submitters in our email list. The weekly reminder email is not very long. It usually consists of the topic of the week, and the corresponding Quranic verses and links to get more information from. The reminder is sent every Thursday, God willing.

[51:55]  And remind, for the reminder benefits the believers.

We would like every submitter, whether receiving our newsletters or not, to be included in the list. God willing you can join the list by sending an email to info@masjidtucson.org and saying that you want to be in the weekly reminder list. If you want to make it a really short email, write “weekly reminder” in the subject line and send it. Or join via: http://masjidtucson.org/current/weekly.html

If you also include in the email the city and state that you live in, God willing we can compile this information and use it for the submitters without a community who are asking to communicate with other submitters in their area.

Please help us to help you and other submitters by joining the list and by being proactive, God willing.

[3:200] O you who believe, you shall be steadfast, you shall persevere, you shall be united, you shall observe GÖD, that you may succeed.

[87:9] Therefore, you shall remind; perhaps the reminder will benefit.
